Page 58-59: Specific eligibility criteria for blended intensive programmes

Clarification aimed improving the consistency of rules regarding the eligibility of staff and learners from third countries associated to the Programme in Blended Intensive Programmes.

SPECIFIC ELIGIBILITY CRITERIA FOR BLENDED INTENSIVE PROGRAMMES

<p>Eligible participating organisations</p>	<p>A blended intensive programme has to be developed and implemented by at least 3 higher education institutions (HEIs) coming from at least 3 EU Member States and third countries associated to the Programme.</p> <p>In addition, any other HEI or organisation located in an EU Member State, or third country associated to the Programme or third countries not associated to the Programme may participate in order to send participants.</p> <p>The HEIs sending students and staff to participate as learners in blended intensive programmes must be a HEI from an EU Member State or third country associated to the Programme awarded with an ECHE or a HEI from a third country not associated to the Programme recognised by competent authorities that has signed inter-institutional agreements with their partners from an EU Member State or third country associated to the Programme, before the mobility takes place.</p> <p>For teaching and training staff involved in the delivery of the programme, it can be any organisation from an EU Member State or third country associated to the Programme or from a third country not associated to the Programme (see eligible participants).</p> <p>Participants can be sent with Erasmus+ funding or take part at their own costs. HEIs from third countries not associated to the Programme may send participants with Erasmus+, if the receiving institution has, in parallel, a mobility project funded with external policy funds funding incoming students and staff from these countries. These participants from third countries not associated to the Programme do not count towards the minimum requirements.</p> <p>The receiving HEI must be awarded with the ECHE. The receiving HEI can be the same as or different from the coordinating HEI. Other organisations may also co-host participants in the receiving country during part of the physical activity.</p> <p>The coordinating HEI must also be awarded with an ECHE. The coordinating/receiving HEI is either the applicant HEI or a HEI member of the applicant mobility consortium for a mobility project funded with internal policy funds.</p>
<p>Duration of the activity</p>	<p>Physical mobility from 5 days to 30 days of programme duration. No eligibility criteria is set for the duration of the virtual component but the combined virtual and physical mobility must award a minimum of 3 ECTS credits for students.</p>
<p>Venue(s) of the activity</p>	<p>The physical activity can take place at the receiving HEI or at any other venue in the country of the receiving HEI.</p>

Eligible participants	<p>Students: Students registered in a HEI in an EU Member State or a third country associated to the Programme or a third country not associated to the Programme, and enrolled in studies leading to a recognised degree or another recognised tertiary level qualification (up to and including the level of doctorate).</p> <p>Staff: Staff working at a HEI in an EU Member State or third country associated to the Programme or a third country not associated to the Programme.</p> <p>Teaching and training staff involved in the delivery of the programme:</p> <ul style="list-style-type: none"> • Staff working at a HEI in an EU Member State, or third country associated to the Programme or a third country not associated to the Programme. ▪ Staff invited to teach at a HEI: in an EU Member State coming from any public or private enterprise/organisation (with the exception of HEIs awarded with an ECHE); the enterprise/organisation should come from an EU Member State, or third country associated to the Programme or a third country not associated to the Programme active in the labour market or in the fields of education, training and youth, research and innovation; employed doctoral candidates also count as eligible under this action.

Insertion of an additional footnote to clarify the funding mechanism to support the participation in mobility activities of accompanying persons for participants with fewer opportunities

Inclusion support	<p>Costs related to the organisation of mobility activities for participants with fewer opportunities requiring additional support based on real costs.</p> <p>Financing mechanism: contribution to unit costs</p> <p>Rule of allocation: based on the number of participants with fewer opportunities receiving additional support based on real costs through the inclusion support category.</p>	100 EUR per participant
	<p>Additional costs directly related to participants with fewer opportunities, which cannot be covered through the top-up amount for individual support for participants with fewer opportunities. In particular these costs aim at covering the extra financial support required for participants with physical, mental or health related conditions to allow their participation in the mobility as well as in preparatory visits and for accompanying</p>	100% of eligible costs

	<p>persons (including costs related to travel and subsistence, if justified and as long as it is not covered through budget categories "travel support" and "individual support" for these participants)¹.</p> <p>Financing mechanism: real costs.</p> <p>Rule of allocation: the request must be justified by the applicant and approved by the National Agency.</p>

Correction of a clerical mistake in the minimum scores per award criterion:

To be considered for funding, proposals must score at least 60 points. Furthermore, they must score at least half of the maximum points in each of the categories of award criteria mentioned above (i.e. minimum **12 points**¹ for the categories "relevance of the project" and "impact"; 10 points for the category "quality of the project design and implementation" and **15 points for the category** "quality of the partnership and the cooperation arrangements").

Footnote: As decimal points are not applicable in the assessment of this action, the minimum score for these criteria is rounded down to 12 points.
